TAFE GIPPSLAND

Certificate II in Agriculture - VDSS

Gain the practical skills and knowledge required to carry out routine tasks under general supervision within the agricultural industry. During this course you will have the opportunity to build your professional networks through meeting other students and industry specialist guest speakers. Your learning will also be enhanced through excursions and industry visits. Learn through case studies, peer-to-peer learning and real-life experiences under the guidance of our specialist trainers. This qualification is delivered as a vocational education and training in schools program where individuals undertaking this course of study are doing so because they intend to work within the agriculture sector.

Course Overview

Gain the practical skills and knowledge required to carry out routine tasks under general supervision within the agricultural industry. During this course you will have the opportunity to build your professional networks through meeting other students and industry specialist guest speakers. Your learning will also be enhanced through excursions and industry visits. Learn through case studies, peer-to-peer learning and real-life experiences under the guidance of our specialist trainers.
